

Thank you for your interest in **fostering** a dog or puppy from Alpha Dog Rescue!

Please know before you fill out an application that a shelter dog or puppy going into a foster home needs time to decompress and relax.

The **dog or puppy may have a bathroom accident (even if house broken), scratch you, jump on people and furniture, dig holes in the yard, chew items that are not chew toys or other undesirable actions while they adjust. Initial here** **to acknowledge.**

We are told from the transporters that none of the dogs we take in are aggressive. We cannot guarantee the temperament or health of the dogs as they have not been with us long enough to know.

If you have other dogs in your home, you will need to make a slow introduction to ensure that they are compatible.

You must be willing to always supervise children with the foster dog.

You must agree to positive training and never yelling, hitting or using electronic training devices.

If you can not handle any of the above, please consider donating to the shelter instead of attempting to foster a dog or puppy.

If you understand the above and would like to help us by fostering a puppy or dog, please fill out the application on the back of this page. **Initial here** **to acknowledge.**
